

Andrew Hill, Vice President of Sales and Marketing

Andrew Hill, Vice President of Sales and Marketing, has worked in the staffing industry since 1998. In that year Andrew started with Employee Solutions as a Business Development Representative and drove instant growth through the acquisition of several new clients. Since that time, Andrew has overseen consistent expansion of the entire organization through organic growth. The company's success has been driven primarily through the development, sale and implementation of what has become Employee Solutions' niche service offering, on-site management. Currently, Andrew oversees all revenue generation through the Business Development Representatives he manages, as well as through on-site management acquisition. In 2006, Andrew earned the designation of Certified Staffing Professional and he continues to remain active with the American Staffing Association and Texas Association of Staffing through continuing education and training. Mr. Hill graduated from Missouri Southern State University in 1997 with a Bachelor of Science in Business Administration.
